CONTENTS
Volume 13

Number 1, January 1980

History of the international embryo transfer society - Part I

R.A. Carmichael 3

History of the international embryo transfer society - Part II

R.H. Schultz 7

Genetic aspects of embryo transfer

G.E. Bradford and B.W. Kennedy 13

Relationship of nutrition to successful embryo transplantation

Thomas G. Dunn 27

Investigation of physiological factors affecting non-surgical transfer

R. Newcomb and L.E.A. Rowson 41

Handling frozen bovine semen - factors which influence viability and fertility

P.L. Senger 51

Non-surgical embryo transfer in cattle

H.R. Tervit, M.W. Cooper, Pamela G. Goold and G.M. Haszard 63

Commercial aspects of bovine embryo transfer

H.J. Schneider, Jr., R.S. Castleberry and J.L. Griffin 73

Embryo transfer tests for bovine syndactyly

R.D. Baker, G.W. Snider, H.E. Leipold and J.L. Johnson 87

The effect of minimal dose levels of $PGF_{2\alpha}$ (THAM) and cloprostenol (ICI-80,996) given intravenously to cycling beef heifers

G.C. Bond, L.F. Archbald and R.A. Godke 88

THERIOGENOLOGY

Superovulation of progestagen synchronized ewes

Kenneth R. Bondioli and Raymond W. Wright, Jr. 89

Recovery and transfer of equine embryos

R.S. Castleberry, H.J. Schneider, Jr. and J.L. Griffin 90

Biological assay of embryos utilizing fluorescein diacetate

R.B. Church and K. Raines 91

Superovulation in the ewe using HAP

T.F. Crosby, M.P. Boland, A.A. El-Kamali and I. Gordon 92

In vitro maturation of prepubertal lamb oocytes and preliminary report on fertilization and cleavage

R.D. Dahlhausen, B.L. Dresser and T.M. Ludwick 93

Efficacy of an equine pituitary extract on superovulate cows

M.L. Danner and W.D. Oxender 94

Sex ratio and mortality of calves from embryo transfer

R.P. Elsden, L.D. Nelson, L.G. Case and G.E. Seidel, Jr. 95

Some effects of side of pregnancy on performance in dairy cattle with implications on embryo transfer procedures

M.T.A. Ghafouri, T.M. Ludwick, E.R. Rader and D.P. Marcinkowski 96

Embryo recovery and effect of repeated uterine flushing of mares

K.J. Imel, E.L. Squires and R.P. Elsden 97

Production, identification and use of PMSG-antiserum. A preliminary report

A. Mikel Jensen and T. Greve 98

Involvement of protease in mouse blastocyst implantation in vitro

Harumi Kubo and Akiko I. Spindle 99

Preservation of bovine blastocysts in liquid nitrogen using two different freezing/thawing rates and DMSO/ Glycerol as cryoprotectants

H. Lehn-Jensen and Torben Greve 100

Influence of $PGF_{2\alpha}$(THAM) and cloprostenol upon bovine spermatozoa In Vitro

C.R. Looney and R.A. Godke 101

Effects of a progestagen ear implant on super-ovulatory response in the cow

R.J. Mapletoft, W.H. Johnson and W.M. Adams 102

Embryo transfer techniques in handling repeat breeding cows

R.J. Mapletoft, W.H. Johnson and D.M. Miller 103

A non-surgical technique for the recovery of follicular fluid from cattle, with possible applications to ova and embryo culture

D.P. Marcinkowski, T.M. Ludwick and M.T.A. Ghafouri 104

Embryonic loss after bovine embryo transfer

K.L. Markette, G.E. Seidel, Jr. and R.P. Elsden 105

Pregnancy rates in previously failed bovine embryo transfer recipients

L.D. Nelson, R.P. Elsden, N.R. Homan and G.E. Seidel, Jr. 106

Non-surgical recovery of baboon ova

C.E. Pope, V.Z. Pope and L.R. Beck 107

Progesterone and prostaglandin-F-metabolite levels in the peripheral blood of cattle used as recipients 16 or 17 days after estrus

G.C.B. Randall, K.J. Betteridge, M.D. Eaglesome and E.A. Sugden 108

Importance of gestation losses after non-surgical transfer of cultured and non-cultured bovine blastocysts

J.-P. Renard, Y. Heyman and J.-P. Ozil 109

Sequential non-surgical embryo recovery in the equine in a tropical country

F. Salazar, D. Sanint, L. Robledo and G. Jaramillo 110

Size variation and total protein in porcine embryos collected from individual pigs

R.W. Wright, Jr. and J.C. Grammer 111

Number 2, February 1980

Book review: "Reproductive biology of the mare - basic and applied aspects"

John P. Hughes 113

Increased incidence of retained placenta associated with heat stress in dairy cows

P.R. DuBois and D.J. Williams 115

Induction of estrus in anestrous cows treated with 'Fertivet'

Y.G. Dugwekar, G.R. Pangawkar and R.D. Sharma 123

Physiochemical properties of oviductal fluid from rabbits exposed to heat stress

J.G. Thorne, C.W. Foley, D.A. Clark, D.P. Hutcheson and L.E. McDonald 127

Effects of progesterone or estradiol on uterine tubal transport of ova in the cow

R.O. Crisman, L.E. McDonald and F.N. Thompson 141

Breeding soundness examination of rams and bucks, a review

R.S. Ott and M.A. Memon 155

The effect of pregnant mare serum gonadotropin on mouse oocytes as monitored at metaphase II[a]

M.H. Gray and C.L. Chrisman 165

Ovulation, ovarian function, and reproductive performance after treatments with GnRH in postpartum suckled cows

F.A. Fonseca, J.H. Britt, M. Kosugiyama, H.D. Ritchie and E.U. Dillard 171

Effect of presence of the male on initiation of estrous cycle activity of goats

R.S. Ott, D.R. Nelson and J.E. Hixon 183

Number 3, March 1980

Preliminary fertility results with frozen buffalo bull semen using tris extender

Mehar Singh, J.S. Matharoo and F.S. Chauhan 191

Fertility of range beef cows and heifers after sequential injections of progesterone and estradiol-17β

G.L. Williams and D.E. Ray 195

Use of ultrasonic echography in equine gynecology

E. Palmer and M.A. Driancourt 203

Use of carbachol for dilatation of the cervix in heifers

Z. Zraly, V. Kummer and Z. Veznik 217

Ram scrotal circumference measurements

W.F. Braun, J.M. Thompson and C.V. Ross 221

Luteinizing hormone concentrations in anestrous ewes administered various estrogens

D.J. Kesler, T.R. Troxel, D.L. Vincent and S.E. Carlin .. 231

Embryo transfer bibliography II

S.M. Seidel and G.E. Seidel, Jr. 237

Number 4, April 1980

Milk progesterone levels to monitor reproductive status of murrah buffalo

R.C. Arora, S.K. Batra, G.S. Pahwa, G.C. Jain and R.S. Pandey 249

Estrus synchronization and controlled breeding in goats using prostaglandin $F_{2\alpha}$

P.O. Ogunbiyi, E.C.I. Molokwu and T. Sooriyamoorthy 257

5α-androstenone concentrations in sow plasma during the estrous cycle

R. Narendran, R.J. Etches, R.R. Hacker and G.H. Bowman .. 263

Lactate dehydrogenase isoenzyme patterns as a method of pregnancy detection in cattle

Raymond W. Wright, Jr. and Jean Grammer 271

Bovine embryo recovery by filtration of non-surgical flushings

Anne Pugh, A.O. Trounson, M.H. Aarts and S. McPhee 281

Effect of days postpartum and exogenous GnRH on reproductive hormone and ovarian changes in postpartum suckled beef cows

D.J. Kesler, T.R. Troxel and D.L. Hixon 287

Effect of prostaglandin $F_{2\alpha}$ Thamsalt and Estrumate (ICI 80996) of plasma progesterone levels in Indian water buffaloes (Bubalus Bubalis)

Narinder K. Bachlaus, Rakesh C. Arora, Anirudha Prasad and Ram S. Pandey 297

Time-dependent loss of radioimmunoassayable levels of progesterone following ambient temperature incubation of heparinized bovine blood

R.E. Owens, D.T. Atkins, C.H. Rahe, J.L. Fleeger and P.G. Harms 305

Number 5, May 1980

Effect of infusion of uterine purulent exudate into the bovine uterus

J.T. Gallagher and L. Ball 311

Effect of bleeding stress and variable suckling insensity upon serum luteinizing hormone in Brangus heifers

P.K. Forrest, R.C. Rhodes III and R.D. Randel 321

Effect of variable suckling intensity and estrogen administration upon serum luteinizing hormone in Brahman cows

P.K. Forrest, R.C. Rhodes III and R.D. Randel 333

Fertility of goats following synchronization of estrus with prostaglandin $F_{2\alpha}$

R.S. Ott, D.R. Nelson and J.E. Hixon 341

Effect of dose and time of injection of prostaglandin F_2 in cycling ewes

A.J. Hackett and H.A. Robertson 347

Tongue manipulation of the palate assists estrous detection in the bovine

V.L. Jacobs, R.F. Sis, P.J. Chenoweth, W.R. Klemm, C.J. Sherry and C.E. Coppock 353

Effect of In Vitro selenium supplementation on bovine sperm motility

Rebecca B. Siegel, Finnie A. Murray, W.E. Julien, A.L. Moxon and H.R. Conrad 357

Effect of selenium supplementation on bull sperm metabolism in vitro

William D. Pratt, Finnie A. Murray, H.R. Conrad, A.L. Moxon and J.E. Kinder 369

Number 6, June 1980

The effect of calf removal on estrous response and pregnancy rate of beef cows after syncro-mate-B treatment

T.E. Kiser, S.E. Dunlap, L.L. Benyshek and S.E. Mares.... 381

Some observations on semen quality of rams with genetically determined high and low potassium blood concentrations

T. More, S.B. Tiwari and K.L. Sahni 391

Embryo transfer in cattle: Factors affecting superovulatory response, number of transferable embryos and length of post-treatment estrous cycles

J.K. Critser, R.F. Rowe, M.R. Del Campo and O.J. Ginther 397

Serum progesterone concentrations in pregnant and nonpregnant heifers and after gonadotrophin releasing hormone in luteal phase heifers

Fred N. Thompson, Terry Clekis, Terry E. Kiser, Hubert J. Chen and Chrales K. Smith 407

Reproductive studies of Brahman cattle V. The effect of various dose levels of estradiol-17 upon serum luteinizing hormone in ovariectomized Brahman cows

R.C. Rhodes III, R.K. Forest and R.D. Randel 419

Immunological diagnosis of pregnancy in the mare by agglutination of latex particles

R. De Coster, C.L. Cambiaso and P.L. Masson 433

Effect of bovine serum albumin on the isolation of boar spermatozoa and their fertility

K.E. Dixon, E.A. Songy, Jr., D.M. Thrasher and J.L. Kreider 437
